My kouhai from after school activities —Yamashiro Sei—isn't an exceptional beauty.
Although you would classify her as an average beauty if you were to separate beautiful people from normal looking people.
She's not a classy person, but she has a different aura from other people.
Without flattering her, she makes the atmosphere vibrate elegantly around her.

This is her.
Taka-mura-senpai,
I don't think it's a good idea to put your uniform in the dryer.
I'll put it in the drying room instead.

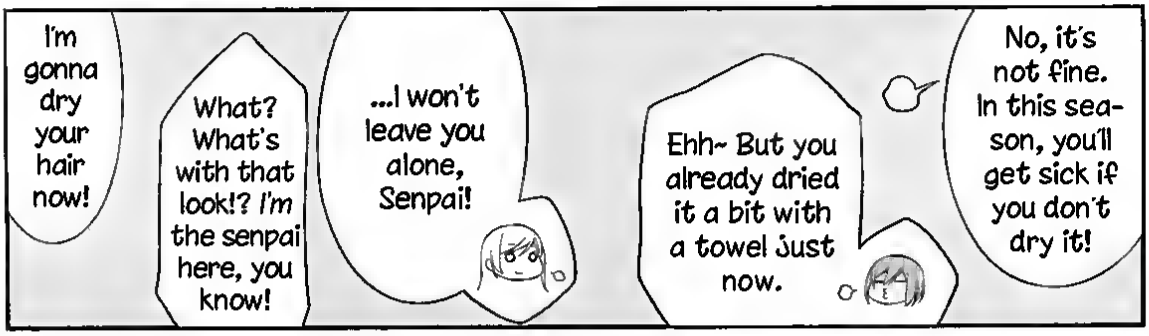
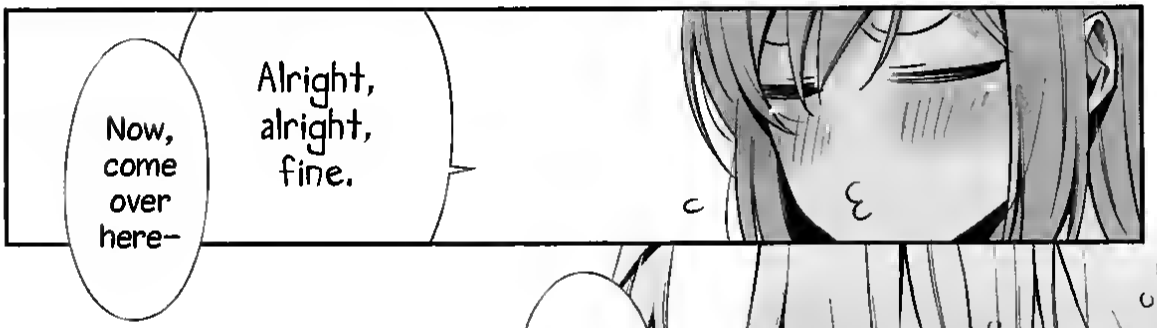
Eh? It's fine, it's not that wet.
Anyway, let's dry your hair.
Oh?

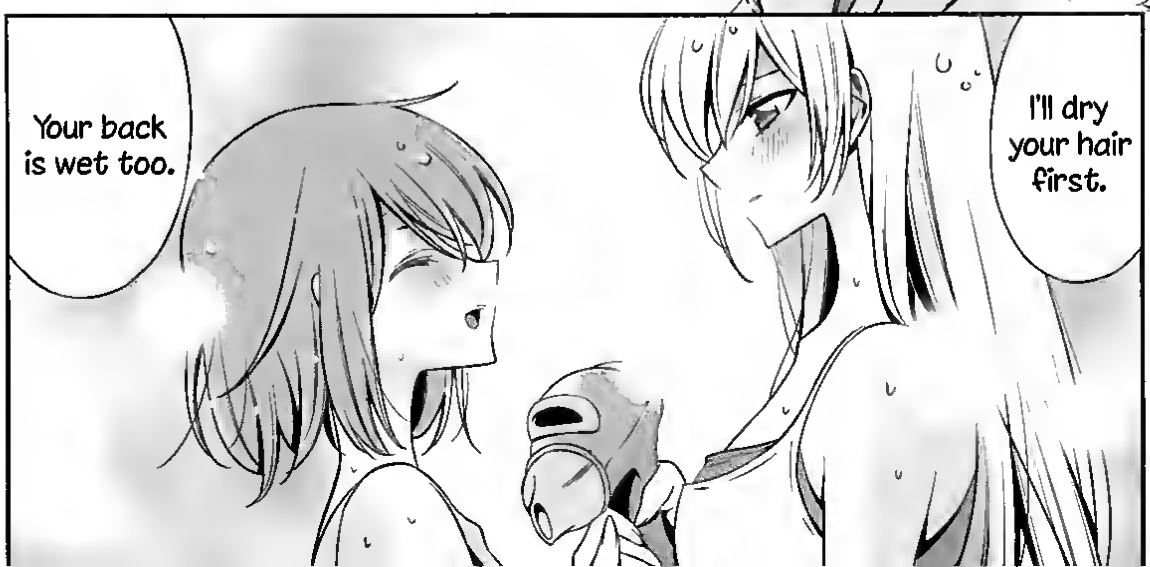


I'm gonna dry your hair now!
What? What's with that look!? I'm the senpai here, you know!
...I won't leave you alone, Senpai!
Ehh~ But you already dried it a bit with a towel just now.
No, it's not fine. In this season, you'll get sick if you don't dry it!



Now, come over here-
Alright, alright, fine.

How-ever,



Your back is wet too.
I'll dry your hair first.
